DAVID LOCKHART
Site Manager, Aberdeen Proving Ground
Boeing Defense, Space & Security

David Lockhart is the site manager of the Aberdeen Proving Ground (APG) field office. In this position, he leads Boeing’s local field marketing efforts and provides a Boeing interface for the DoD and U.S. Army customer community at APG. Responsibilities include assessing, developing, recommending, supporting and sustaining opportunities suitable for Boeing to provide best value to the customer, employees and shareholders. He is responsible for working with customers to gather and provide information that will help shape and influence requirements, in addition to maintaining superior relationships with US Army customers including but not limited to CECOM, ATEC, RDECOM, PEO C3T, PEO IEWS, PEO EIS, JPEO CBD, and AMSAA as well as with local civic, business and defense industry leaders in the Aberdeen area. Lockhart was named to this position in April 2012 when he joined Boeing.

Prior to Boeing, Lockhart was director of programs for SAIC’s Analysis, Simulation, Systems, Engineering and Training business, where he oversaw the implementation and execution of 175 government and commercial programs.

Lockhart served in the U.S. Army for 32 years until he retired in May 2011 at the rank of colonel.

In 2009, Lockhart was selected to be the chief of staff to the assistant secretary of the Army for acquisition, logistics and technology, ASA (ALT). In this role, he helped manage over 25,000 employees, 1000 programs, and nearly $144 billion under contract.

Previously, he held a series of successive positions with increasing responsibilities. Lockhart served as project manager for Instrumentation, Targets, and
Threat Systems, responsible for the oversight, research, development, and fielding of a diverse portfolio of programs. Prior to that, he was the product manager for the Joint Tactical Radio System and a project leader for various programs including the Precision Lightweight GPS receiver, the Defense Advanced GPS receiver and the Enroute Mission Planning and Rehearsal System.

Lockhart earned a bachelor’s degree in business management from Northwestern State University, a master’s degree in business administration from the University of Texas at Austin, a master’s degree in information resource management from Syracuse University, and a master’s degree in Strategic Studies from the U.S. Army War College.
